ROAD CLOSING – PICKARD AVENUE (TIMBERDELL TO LINDSEY)

Beginning the morning of Monday, April 13, 2015, PM Construction, under contract with the Norman Utilities Authority, will be replacing sewers along Pickard Avenue from Timberdell Road to Lindsey Street. This work will require temporarily closing that portion of Pickard Avenue. Signs will be placed by Action Safety Supply Co. to assist the motoring public.

Local access will be allowed to adjacent properties only for residents. Drivers are urged to use alternate routes via Chautauqua Avenue or Berry Road, as delays can be expected.

Weather permitting, work should be complete and Pickard re-opened by Friday, April 17, 2015. Signs will be placed by Action Safety Supply Co. to assist the motoring public.

The Sewer Maintenance Project is an annual \$2.7 million sewer replacement project. It is funded by the \$5/month sewer maintenance fee paid by utility customers, as approved by voters in 2001. The project will replace old damaged sewer lines and manholes in the project area bounded by Boyd Street to the north, Imhoff Creek to the west, Timberdell Road to the south, and Elm Avenue to the east. The total project is scheduled to be complete by December 2015.

Questions or comments may be directed to Charlie Thomas, City of Norman, Utilities Project Manager, at (405) 366-5443 or Charlie.Thomas@NormanOK.gov.

PLEASE SLOW DOWN AROUND ALL CONSTRUCTION AND WORK ZONES !!
